PRESERVATION IDAHO – 50 YEARS STRONG

Preservation Idaho (PI) was founded in 1972 and is dedicated to preserving Idaho’s historic places through collaboration, education, and advocacy. Established in 1972 by a group of Idahoans concerned with the alarming rate at which historic sites and resources in Idaho were being lost, these individuals created an organization that enabled members of the public to unite toward the preservation of Idaho’s historic built environment. With mounting pressure from development and a continuously growing and changing population in the state, it is now more necessary than ever to preserve historic and cultural resources, promote the smart re-use of historic facilities, and to educate the community at large on the value of Idaho’s heritage. PI (Idaho Historic Preservation Council, Inc.) is a 501(c)(3) nonprofit organization. PI funds its education and advocacy work through memberships, donations, sponsorships, and grants. PI receives no ongoing annual state or federal funds. To learn more about PI, go to preservationidaho.org.
